

DENSOTRANS HCP

Specifications

• Base material	Polyester film
• Width (mm)	609
• Length (mm)	762
• Width (inch)	23.98
• Length (inch)	30
• Format	24x30"
• Base/Nominal thickness (mm)	0.18
• Base/Nominal thickness (mil)	7.2
• Packing quantity (sheets)	50

Handling

- Avoid fingerprints
- The films are sensitive to UV light. Processing in subdued room-light (ideally yellow light) is possible. However, it is essential to avoid direct sunlight and prolonged storage in an illuminated room. Sunlight destroys the light sensitive diazo coating in a short time.
- Please follow the special handling instructions (instruction sheet).

Storage

- Processed films: normal room condition in filing cabinets.
- Unprocessed films: Cool (15-20°C) and dry (less than 60% humidity) - in a sealed package and protected from light and ammonia.
